Organization Hierarchy

Message from the CEO

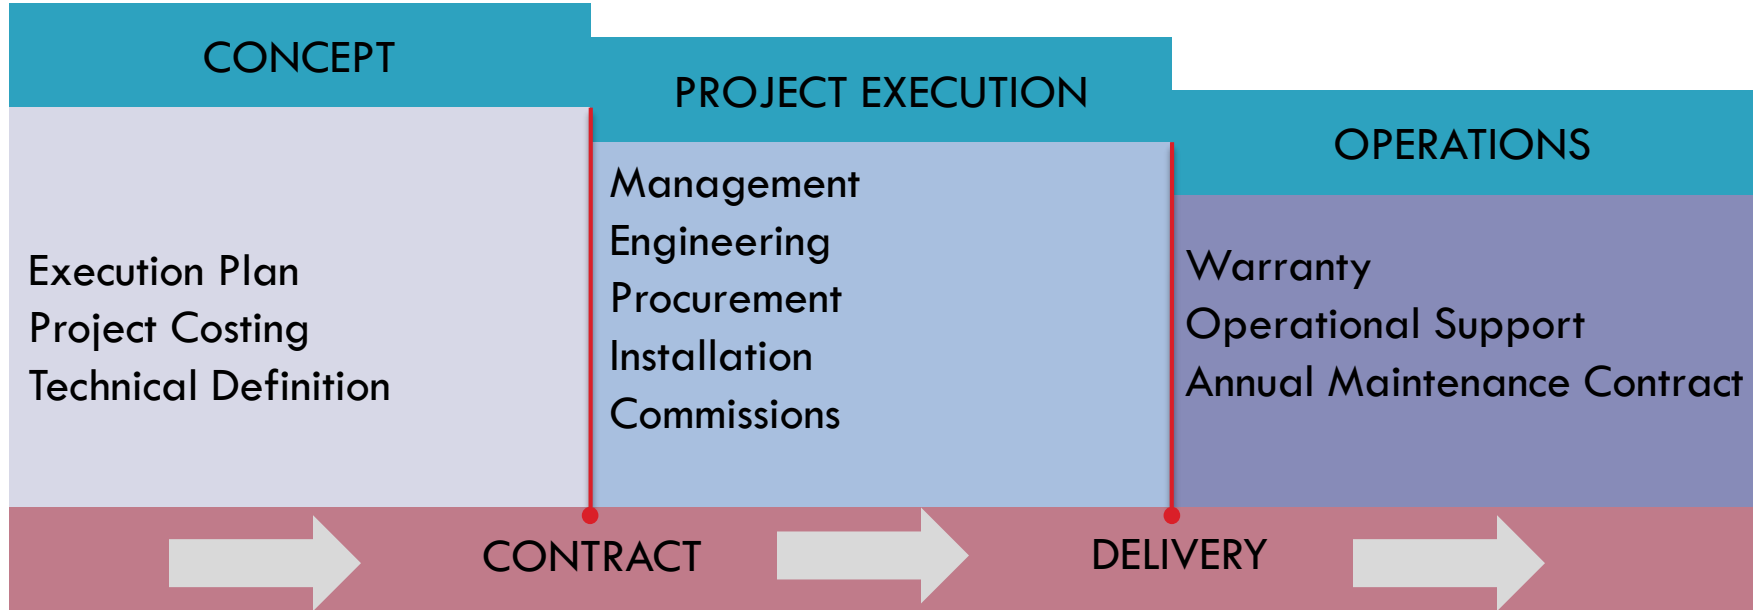

Wahat Al Shimal LLC is a 100% Omani. The purpose is to be a leader in the creation of new business initiatives based on the Omani Market Demand, through genuine business concepts, state of the art technologies and high quality products. We aim to provide enhanced services and build relationships and profitability that can help the country's growth.

The world is changing all around us. Business will continue to thrive over the next ten years and beyond, so we must look ahead. Understanding the trends and forces that will shape our business in the future and moving swiftly will prepare us for what's to come. For any business to be consistently successful, it must be respected. Respect comes from trust. We work very hard to earn and maintain the trust of our clients. We work to be the best we can be at all times; to be responsive and supportive, to make good decisions fast, to be easy to do business with and to deliver results that delight our clients and partners. Meeting expectations is not good enough. We strive to exceed expectations every single time. With our partners and customers at our core, we live by the following values:

**Service Quality is the key of business
Continuity.**

Project Life Cycle Policy

HSE Policy

We ensure that the health, safety and environment measures are included as an objective to be attained by the management and employees as a whole by taking all possible preventive methods against any personal injury, work hazards or that pollute the environment. So the company will concentrate on:

- Maintaining work areas where all the employees enjoy health and safety.
- All-inclusive HSE guidelines and proper training in this regard.
- Ensuring each employees uses personal protective equipment (PPE)

We believe healthy employees represent a priceless investment by the company in its path toward accelerated growth.

Our Team

Proper communication and processes have been established between all departments, which help in motivating all concerned and maintaining the team spirit as well. Our professional and knowledgeable team is not only skilled but also process oriented. We are early adopters of PMI's (project management institute) managerial guidance and principles in handling required deliverables.
